

Rückseite

The diagram shows a bone with a pink outline and a dashed blue line representing its internal structure. A vertical line runs through the center, with a horizontal tick mark at the top and bottom. The word 'Rückseite' is written in blue above the top tick mark, and 'Vorderseite' is written in blue above the bottom tick mark. The word 'Mitte' is written in blue to the left of the vertical line, between the two tick marks. A dashed blue line follows the outer contour of the bone, and a solid pink line follows the inner contour.
